

2019
TEAM INFORMATION

SENATORS TEAM FEE PACKAGE OVERVIEW

In 2018-19, New Senators Training Packages Will Be Required.

Players will choose one of the three tiers of team fee packages. These include both strength training and small-group baseball skill groups, with some packages including private lessons at a reduced cost. This gives players an immersive experience where they get lots of time with our most skilled instructors, helping them improve their pitching, throwing, hitting, fielding and catching technique.

What Tier Should I Choose?

It's up to you - Tier 1 is the minimum required to play for the Warbird Senators.

Players can always change their package or add to it as they go. We want our players to get the perfect experience and so our packages reflect what we require and what we believe most families want for their sons. If you'd like some custom options, simply ask us and we'll talk!

Can I Adjust My Package or Include Something Else?

We can work with you on substitutions - we want to make this work for everyone! But, \$2795 is the minimum total fee to play for the Senators, so any substitutions must be of equal or greater expense.

Senators players participate in a group buy where the cost of all the included training options are significantly (30-40%) cheaper than our retail prices for non-Senators athletes. Having every player bought-in gives everyone the best value and the best results for their year with us.

Is There a Way I Can Reduce My Team Fee?

Yes. We do not want any player to be excluded due to finances. The pages that follow will have the following few options:

- Options for families with two senators players.
- Options for families with a siblings who are not Senators, but who wish to train at Warbird.
- Options for fundraising to reduce player fees.
- Options for both players and parents to work in exchange for a reduction in fees (such as hotel coordinator and batting practice assistant).
- Options to creatively raise money, such as starting a GoFundMe page.
- Options for financial assistance via the *Senators Foundation Scholarships*

WHAT'S INCLUDED IN A TRAINING PACKAGE?

Strength Training Class Packs - 90 Sessions (Tier 1) or Unlimited (Tiers 2 & 3)

90 sessions is two per week on average, but you can use them in whatever way you want. Some players will use two sessions every week, others will use 3-4 sessions per week when they're less busy with other sports, and 0-2 per week when other sports take up much of their time.

Use them how you want, but they expire at the beginning of next season. Unlimited sessions means exactly that - train any day Warbird is open.

Baseball Skill Groups - All Tiers

Small-group sessions lasting an hour with up to eight players from any of our teams. These are focused on hitting, pitching, fielding, catching and vary slightly based on the strength of the instructor and the time of year.

All players except Tier 1B will attend two of these each week as a sort of mini-practice that is focused more heavily on individual mechanics and personal instruction.

Players will benefit by learning from all of our coaches, not just their team's head coach. Different voices provide different perspectives and ways to internalize concepts.

Senators University Online Course

Our goal is to use technology to improve the education of baseball players AND their coaches by providing classroom-style learning in an online video course format. Because bringing all of our players and coaches together regularly in person is unrealistic, the online course format will help us teach our drills, concepts, mental technique and game situations in a very personal, self-paced instruction style that requires no additional drive time or in-person contact time with Warbird Academy.

Lessons (Select Packages, or Add-on)

Tier 1 Option B and Tier 3 packages include 20 private lessons. Additional lessons for any package can be added for \$30 each. Some players thrive in private instruction, some like small-group instruction, and others are advanced enough where frequent private instruction is only rarely necessary. We leave the choice up to each player and family.

PAYMENT INFO, PITCHER-ONLY & 18U FEES

Do I Have to Pay All at Once?

Nope - we are flexible. Families have the option to:

- Pay one lump sum at a discount by check only
- Pay quarterly by check, cash or credit card
- Pay monthly on autopay by credit card for **11 months**
- Split costs with a family member or another paying party (athletes with two households, grandparents, etc.)
- Pay a reduced autopay monthly fee if on the fundraising plan

Pitcher-Only Fees

Pitcher-only players get a significant reduction in cost, which reflects their limited usage - and thus a partial fee share - of tournament fees. We typically have pitcher-only players at 15-18U levels.

Many other teams offer a deeper discount for pitcher-onlies, but we still expect our pitchers to train heavily with us and work on their development as pitchers. Training, mechanics work and arm care are expected, even during rest periods from throwing.

18U Team Fees

The Warbird Senators 18U team will play a slightly reduced schedule - five tournaments - to reflect the fact that players are finished with the recruiting process by their 18U summer.

Thus, prices for 18U include a \$200 discount for each player, which reflects the reduced tournament fees paid by Warbird Academy.

18U Pitcher-only players will utilize both discounts, for a total cost reduction of \$500 from our regular fee.

OPTIONS FOR 2-SENATOR FAMILIES

First Player at Full Team Fee, Second Player at 50% Off

For families who have two sons playing for the Senators, their first is at the full fee, with the second player receiving 50% off his fees. If the two tiers chosen are different, the lesser-priced tier will receive the 50% discount.

If a family needs fundraising or other special options, we will address and price them on an individual basis.

Our goal is to make playing for the Senators affordable at the family level, so we will be as flexible as we can.
